# [Download](#)

### **SwordBible Crack + License Key [32/64bit]**

SwordBible is a comprehensive yet easy-to-learn application that comes bundled with an extensive collection of Bible chapters, some more known than others, attach personal notes and manage your bookmarks. It also features an interactive game and easy access to the verse lists. Change the look of the interface The provided layout is modern and neatly structured in a record tree on the left side of the panel, a detailed view of the chapter, along with a lexicon search, on the right. At the bottom a basic editor lets you create memos for the current file. The panes can be closed from sight with ease, for a simpler look. It's possible to copy the whole content to the clipboard and use it further in your projects, as well as change the reading appearance colors, for both the text and the background. Search terms in the vocabulary and write important notes Plus, you can compare multiple verses and look for unknown words, using the built-in lexicon. The view may be switched between Bible, commentary, and normal modes, and study the daily devotional page. For annotating personal thoughts, the word processor at the bottom, lets you copy and paste text from another source, and customize it with font types, colors, sizes, and styles, to best represent you. Test your knowledge with the Scripture game From the same window, the books tab gives you a choice to read several interesting books and browse through its chapters, using the next and back arrows. A nice addition is the Scripture challenge, which is similar with the Hangman, where you have to pick the verse range (e.g. entire Bible, OT, people), read the shown passage, and select the correct letters before the human is complete. A few last words Taking everything into account, SwordBible is a reliable and practical program that comes in handy especially for those who like to read and study Bible chapters, and make individual annotations. SwordBible Description: SwordBible is a comprehensive yet easy-to-learn application that comes bundled with an extensive collection of Bible chapters, some more known than others, attach personal notes and manage your bookmarks.
