----- THE STORY OF TARNISHED In the distant days, an Elden Lord was cursed by Dark Gods and suffered the grim fate of an Elden Lord. The Tarnished, a once proud nation, has found its way back to the living world after a prolonged hibernation. As the Tarnished, you must dedicate yourself to the heavy burden of turning the tide in a world that has become the playground of Darkness. -----

----- ONLINE PLAY

- Playable from two different perspectives Online players can play from the perspective of the High King, Orta, and from the perspective of the Commoner and the citizenry, all while feeling close to them.
- Collaborate with a Friend or Play against Another Online Player In addition to playing alone, you can collaborate with a friend or play against another online player. Through the simultaneous online play feature, you can play as a team of two together with the other online player, sharing the experience and burden of playing as an Elden Lord.
- Rapidly switch between the perspectives of the High King, Orta, and the Commoner When you are in an online game, you can switch easily between the High King, Orta, and the Commoner without any lag. -----

----- MAIN CHARACTERS

- ◆The High King Commander of the Elden Ring Product Key, the High King is a personification of morality. To protect the realm, the High King will take the most appropriate action at any time.
- ◆Orta, the High King's Apprentice The High King's shadow and only successor, his apprentice, Orta, is a man of honor who holds fast to his duty to protect the High King's purpose. The High King is his master, while the High King is his lifetime goal and his life.
- ◆The Commoner The Commoner is Orta's childhood friend and comrade-in-arms. He is brave and has a strong sense of justice. Respected as a hero of the Elden Ring, he will protect the weak while creating a better future for Tarnished.
- ◆The God of Darkness The God of Darkness is a huge, man-eating monster that was born from the Dark God. By obtaining the seven Dragon Stones, he has vowed to cleanse the world, not with fire, but by devouring those who dare to mock the world

Elden Ring Features Key:

Rise, Tarnished, and Become an Elden Lord of the Lands Between - A central story with a multilayered morality system in which you do your part to solve various problems. Hundreds of years before your grand ancestor Cainnack, a beautiful woman was abducted from her sweetheart by a creature that emerged from the Void. In the midst of grief and perplexity at the abduction, the man, along with other heroes and captured women, was transported to a fantastic fairy-like world. The captive woman found herself in the care of a goddess with an unfathomably deep and imposing voice. She served as a seal guardian. The goddess' beauty has engulfed the world. With the goal to avert any harm to the goddess and to assist the fluttering woman, Cainnack became an adventurer not born of the Lands Between. Completely by accident, her grandfather Cainnack is a warlock. Suddenly, the warlock appeared in the underground library. With a rush of giddiness, he opened up the great Stone Tablet, and Cainnack attracted the attention of the goddess. The goddess began to pour her grace upon Cainnack and the

historian with a beautiful and engrossing story. You will encounter many things during your travels, the Goddess will be with you a helping hand and you will become strengthened as you progress through the heart of the Lands Between. The game features two core stories, the main story and the off-line story of Cainnack and the other characters.

Artistic Fantasy that offers a Level of Colorfulness and Intensity Never Seen before Capturing the beauty of the Eastern fantasy art, Elden Ring exemplifies an artistic fantasy that fills the world with a refreshing sense of colorfulness and intensity. Resorts decorated with elegance and luxuriousness of materials, landscaping, and backdrops; magical and fantastic monsters born from the soul of the world - also, monsters born from animals (not specifically in the world of the Lands Between, but seen in the Eastern fantasy art). Decorated appropriately, it sets a mood to people who gaze upon them, and it becomes a stage where the fantasy art realizes its objectivity. The Lands Between is a place where beauty reaches its limits, stained with the dark and somber beauty of the void.

Unprecedented Adoption Features The free expansion of the game's unparalleled features, including the addition of HD

GameZone 10/24/2009, 10:00 Well, I don't have a major gripe with the game. It's got an interesting story. Controls are a bit sticky at times, but they're fairly easy to master. Controls are fine for most RPGs, if they get a little glitchy when you're playing on a PC. The beginning is a bit hard. You'll learn some kind of control that you have to memorize immediately. It makes the game feel a bit complex and difficult to start, but as your game progresses, the controls get easier to learn, and the game itself gets easier. You can say that it's only a slight gripe, but maybe if you learn to use the controls properly it'll make the game more enjoyable. [...] The story is interesting. It's more of a standard story, but I had a good time playing through it. The story is pretty linear, and some will find that it gets old. I think it holds up, though. You'll get that moment in your first fight, that "holy crap", moment where you're like "wow, this is what I was just reading about." So, the story is standard fare, so there's nothing wrong with that. As long as you understand that it's just the standard fare for RPGs, you'll have a good time. There are some entertaining side missions, which is cool. The story is very open, so you can join any side mission you want. There's a major conflict going on, so there's a lot of stuff going on. That's what made me think the story was more interesting than the average RPG. In most RPGs, the main story is totally linear, and there's no other major conflict. The game makes it seem like there's a lot going on. The overall story is all right. Gaming Chronicles 10/09/2009, 10:00 Elden Ring: Rise of the Ring is an interesting little game, although it is very easy to get bored with it. One of the major criticisms I have with the game is the lack of a cohesive soundtrack and music. It really doesn't help that the game plays itself out over a combination of in-game music and the original FFX music. After finishing the game (and what, you might be asking yourself, is the point of bff6bb2d33

What's new in Elden Ring:

Also in the version 0.02.11 update, existing stores will no longer be displayed in Hero's Tower. Players have found problems with the data in the first store, so this process is being carried out to avoid crashes for players. In the future, this can be a process to allow stores to be added in the future.
