Download the demo version: The full version can be purchased at: Or be part of our new community: SteadyHand Community Twitter Facebook Instagram Redu-Trax vs Steadyhand We use these two stabilisers in our live news sets. They work awesome. They are simple, reliable and you will use them over and over again. published: 28 May 2016 Steady Hand Stabiliser - Zoom, Pan, Turn, Zoom SteadyHandStabiliser,10x Zoom,Pan,Turn,Zoom We use this product when we need zooming, panning or when we need to turn on the camera. We have a Vlog on our 1st day of shooting and we record all the footage on our footage on our 1st day of shooting. We would love to share you the footage we have. Why we like this product? Just considering that we need to run to the location of the video we could set up the camera on the tripod and just shoot safely our footage while we are running for the locations. Consider also that we are able to have the zoom we... For more on Real-World Engineering: For more on Realistic Engineering:
