AutoCAD LT 2009/2010 (MSO) We like AutoCAD LT 2009 for it's price. With it you can do drafting, 2D drawing, light 3D modeling, and more. Great for casual users or for anyone just getting into the hobbyist scene. Microsoft Project 2010 We think Microsoft Project 2007 is probably the better choice in this case, but Project 2010 is a good choice too. It's a great choice if you are building an entire project from scratch, but it's a little overkill if you just need to make some minor changes or add new sections. PowerTrend PowerTrend is a 3D modeling tool that is useful if you need to make professional-looking 3D models. We like it for when you want to make the models for a website. This software has some major advantages. First, it's simple to use, but at the same time it offers a lot of
